

AGREEMENT FOR THE LA BREA INCIDENT, CA-LPF 002631
Los Padres National Forest
And The California Department of Forestry and Fire Protection
August 11, 2009

The Los Padres National Forest (LPF) and the California Dept. of Forestry and Fire Protection (CAL FIRE) agree that all resources on the incident will be paid for by the agency who ordered the resource. This will be referred to as "you order, you pay." The word "State Mission" or "Federal Mission" will be identified on all order requests and entered into ROSS under the special needs section. If there is no indication of whether it is a "State Mission" order or a "Federal Mission" order, than it is assumed it was a Federal order and the cost will be borne as such.

In the event the fire requires more effort on behalf of the State or the Federal agencies, either party can decide to make this agreement null and a new agreement will be agreed upon or cost apportionment may be implemented as per the California Master Cooperative Wildland Fire Management and Stafford Act Response Agreement.

Both Teams agree to cooperate fully and provide all practical support whenever possible in jointly fighting the fires on common boundaries in order to prevent fires from threatening each others jurisdictions.

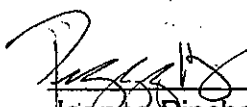

In recognition of their responsibility and in accordance with the 2009 California Interagency Incident Finance Advisory Group's direction The California Department of Forestry and Fire Protection agrees not to bill the United State Forest Service for the following resources used to meet the States mission.

All logistical support for these resources will be paid by USFS through their Base Camp.

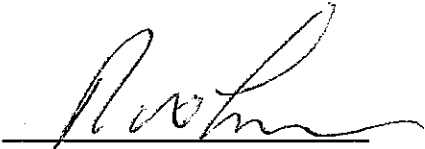

The California Department of Forestry and Fire Protection has agreed to pay for the following resources:

- 4 Strike Teams of Type III Engines
- 3 Strike Teams of CAL FIRE Bulldozers
- 2 Single Resource Local Government Bulldozers
- 1 CAL FIRE Utility Vehicle
- 11 Overhead positions

These Resources are specified in Attachment A
